

CERTIFICATE OF REGISTRATION

INTERCERT hereby certifies that the Health informatics — Information security controls in health based on ISO/IEC 27002

EASYBIZY FOR BUSINESSES LTD

She'erit Yisrael 37, Jaffa - Tel Aviv, Israel

Has been successfully assessed as per the requirements of

ISO 27799:2025

For the scope of

The Information Security Management System (ISMS) applies to Easybzy's practice-management platform, encompassing the systems, applications, and processes involved in appointment scheduling, client record management, payment processing, and client communications (including automated WhatsApp reminders and notifications) delivered to clinics, medical practices, and health-and-beauty service providers. The scope covers the confidentiality, integrity, and availability of client and patient-related information processed through the platform, including personal data, appointment and communication metadata that associates individuals with specific clinic types or specialties, and other business-critical data in alignment with ISO 27799 requirements for the protection of health information, across Easybzy's supporting infrastructure, personnel, and third-party service providers.
